

What Time Is It...

Ecclesiastes 3:1-15

What's True in the Bible?

1. There is a Time for Everything (and that's okay).

2. There is a Time for Everything (and everything leads us to God).

What's Real in my life?

- What recent thing or things have made me question my direction?
- What season, specifically, do I think God has me in right now?

What's Next?

- What is one way of thinking that slows or stops me from hearing from God?
- Who is one person I can come alongside in their specific season of life?
